

# Purple Prisms

NAME \_\_\_\_\_

Use the applet to complete the chart. Follow the directions given by your teacher.

| PRISM | SURFACE AREA A | SURFACE AREA B | $\frac{\text{Surface Area A}}{\text{Surface Area B}}$ | $\frac{L}{1}$ |
|-------|----------------|----------------|---|---------------|
| 1     |                |                |   |               |
| 2     |                |                |   |               |
| 3     |                |                |   |               |
| 4     |                |                |   |               |
| 5     |                |                |   |               |
| 6     |                |                |   |               |
| 7     |                |                |   |               |
| 8     |                |                |   |               |
| 9     |                |                |   |               |
| 10    |                |                |   |               |
