

Baby Weight

NAME _____

Complete the information below. Use the following rule:

A baby doubles its weight in six months.

1. Fill in the missing weight for each baby.

Weight of Babies (in Pounds)

BABY	AT BIRTH	AT SIX MONTHS
Amy	5	
Benito		16
Cathy	9	
Demetrius	8	
Erik	7	
Fran		12
Greg	10	

2. Use red crayon for the birth weight. Use brown crayon for the six-month weight. Compare Demetrius's weight at birth and at six months by filling in the bar graph.

Demetrius's Birth Weight vs. Six-Month Weight
