

# Class Schedule

NAME \_\_\_\_\_

1. The principal of your school needs your help. Your class has no schedule today, so you have been asked to make one. Since everyone likes different subjects, you will make the schedule using two spinners to select the subject and duration of each class. For each class, add the length on the spinner to the start time to find the finish time. The finish time for the previous class will become the start time for your next class. It is okay if you spin the same class or length more than once. The first class has been filled in for you.

CLASS	START TIME	DURATION	FINISH TIME
Social Studies	8:05 a.m.	45 minutes	8:50 a.m.
	8:50 a.m.		

2. What time does your school day end?

---

3. How much time will your class spend in school today?

---
